March 14, 2019

**MR. ROSENDO SO**

President  
GOLDON PIGGERY FARM, INC.  
Brgy. Bacag, Villasis, Pangasinan

**NOTICE OF VIOLATION**

Dear Mr. So:

This refers to the investigation conducted on March 5, 2019 by Technical Personnel of this Office regarding the anonymous complaint which was received by this Office on March 1, 2019 against your piggery project located at the above address.

Based on the investigation report, it was found out that the collected pig manure from the wastewater canal was dumped at the side of the piggery houses.

You are directed to improve the sanitation and good housekeeping in your farm specifically on managing and disposal of pig manure. You are also required to provide/apply disinfectant within the piggery premises to mitigate the presence of foul odor within and outside the farm.

The Barangay Officials of Bacag, together with Sanitary Officials of Villasis, Pangasinan shall conduct a consultation dialogue with you, the complainant and the residents of the said barangay regarding the operation of the said piggery farm and to discuss on how to mitigate the presence of foul odor.

Follow-up inspection shall be undertaken by this Office to determine whether mitigating measures were adopted.

The complaint on foul odor which is categorized as "Nuisance", shall be endorsed to the LGU concerned for their resolution as required under the Manual of Operation Handbook for devolved Environmental Management (DAO 30, series of 1992 pursuant to the Local Government Code).

It was also determined that Condition No.# 2 of the Environmental Compliance Certificate, ECC-98C-PA-RI-027 1<sup>st</sup> Amendment issued to you on December 21, 2006, was violated.

Condition No. #2 of the ECC-98C-PA-RI-027 1<sup>st</sup> Amendment states that" *The proponent shall adopt proper collection and disposal of solid and hazardous wastes resulting from the operation of the project to control, prevent and abate all types of pollution. Good housekeeping and sanitary condition shall be observed regularly.*"

Whereas, Section 9 of P.D. 1586 states that: *“Any person, partnership or corporation found violating Section 4 of this Decree or the terms and conditions in the issuance of the Environmental Compliance Certificate, or the standards, rules and regulations shall be punished by the suspension or cancellation of his/its certificate and/or a fine in the amount not to exceed Fifty thousand pesos (P50,000.00) for every violation thereof, at the discretion of the National Environmental Protection Council”.*

In view of the above, you are hereby directed to explain in writing why you should not be held liable for the aforementioned violations and attend a Technical Conference at our Office located at the DENR Bldg., Government Center, Sevilla, City of San Fernando, La Union on MAY 10 2019 at 9:00 AM.

Should you or your authorized representative who can make commitments in your behalf fail to attend the said Technical Conference, this Office shall be constrained to conduct ex-parte hearing of your case and an “Order” shall be promulgated for the imposition of fines and penalties in accordance to the provisions of the above-mentioned Presidential Decree.

For your information and strict compliance.

Very truly yours,

  
**ENGR. MARIA DORICA NAZ-HIPE, CESE**  
Regional Director

**MR. RICHARD MENDEZ**

Complainant

Brgy. Bacag, Villasis, Pangasinan

Dear Mr. Mendez:

This refers to the investigation conducted on March 5, 2019 by Technical Personnel of this Office regarding your complaint against the piggery operations of Goldon Piggery Farm, Inc. located at the above address which was received by this Office on March 1, 2019.

Based on the investigation conducted, it was found out that pig manure was dumped along the piggery building which is a potential source of foul odor. A Notice of Violation was issued to the proponent for non-compliance with Condition No. #2 of the Environmental Compliance Certificate regarding the proper collection and disposal of solid and hazardous wastes.

The allegation that wastewater is discharged outside the farm was validated to be negative since wastewater generated by the farm is confined within the treatment facility.

Since the emission of foul odor is categorized as nuisance and a devolved function to the Local Government Units, under the Manual of Operations Handbook for devolved Environmental Management Functions (DAO 30, Series of 1992 pursuant to Local Government Code), the complaint was endorsed to the Office of the Mayor of Villasis, Pangasinan for proper resolution.

For your information.

Very truly yours,

**ENGR. MARIA DORICA NAZ-HIPE, CESE**  
Regional Director

March 14, 2019

**HON. NONATO L. ABRENICA**

Municipal Mayor  
Villasis, Pangasinan

Dear Mayor Abrenica:

This refers to the complaint received by our office regarding the foul odor emanating from the piggery operations of Goldon Piggery Farm, Inc. located at Brgy. Bacag Villasis, Pangasinan

Based on the investigation conducted, it was found out that pig manure was dumped along the piggery building which is a potential source of foul odor. A Notice of Violation was issued to the proponent for non-compliance with Condition No. #2 of the Environmental Compliance Certificate regarding the proper collection and disposal of solid and hazardous wastes.

The allegation that wastewater is discharged outside the farm was validated as negative since the wastewater generated by the farm is confined within the treatment facility.

In view of the above, since the emission of foul odor is categorized as a "nuisance" and a devolved function to the Local Government Units, under the Manual of Operations Handbook for devolved Environmental Management Functions (DAO 30, Series of 1992 pursuant to Local Government Code), the complaint is hereby endorsed to your Office for proper resolution.

Regards and more power.

Ownership : Corporation  
Investigating Officer : Engr. Elmer C. Ventura  
Dr. Ernesto Corpuz – CENRO Urdaneta,  
Environment & Mines Focal Person  
Date and Time of Inspection : March 5, 2019, 9:30AM  
Date of Report Prepared : March 6, 2019

**Persons Interviewed:**

Names of Persons contacted	Position	Address
Mr. Eduardo Caberto	Marketing Officer, Goldon Piggery Farm	Brgy. Bacag, Villasis, PA
Ms. Menchu Sibayan	Secretary, Goldon Piggery Farm	Brgy. Bacag, Villasis, PA
Kgd. Manolo S. Labiste	Brgy. Kagawad	Brgy. Bacag, Villasis, PA

**A. Complaint Background:**

On March 1, 2019, the undersigned received a directive from this Office regarding a complaint from a certain anonymous against the Goldon Piggery Farm located at Brgy. Bacag, Villasis, Pangasinan.

Based on the complaint, the farm emits obnoxious odor to nearby residents.

The undersigned with the joint inspection team of CENRO Urdaneta City led by Dr. Ernesto Corpuz proceeded to the Barangay Hall of Bacag, Villasis, Pangasinan and met Kgd. Manolo S. Labiste. The inspection team and the said barangay official went to the complaint site for the conduct of investigation.

### **C. Findings and Observations:**

#### **1. Inside the firm/establishment:**

- 1.1 The farm is operating during investigation. The farm has facilities which includes, office/admin building, workers quarters, 31-units conventional type piggery house, warehouse with feed milling equipment and wastewater treatment facility.
- 1.2 As of date of investigation, the farm accommodates a total hog population of approximately 8,500. However, breakdown of the population was not disclosed due of confidentiality. The farm was engaged with breeding and growing of hogs.
- 1.3 The operation of the feed mill is confined within the warehouse building of which feed dust were controlled thru the provision of cyclone dust collectors. No dust was found present outside the warehouse nor outside the piggery premise.
- 1.4 The 31-units conventional piggery house were considered old but well maintained. However, presence of collected pig manure along side the piggery houses and its wastewater canal were dump of which is causing foul odor.
- 1.5 Wastewater is conveyed to the concrete canal going to the series of 11-units earth lagoon. The lagoons are located at the west side of the farm. No foul odor was observed from the lagoons.
- 1.6 No signs of leak or breaching found from the earth lagoons.jacent farmland.

#### **2. Outside the firm/establishment:**

- 2.1 The farm is along the barangay road whereby residential area is just across the road, north side of the farm.
- 2.2 Minimal foul odor is present at nearby resident. Although tolerable, prolong presence of foul odor is observed.

### **D. Remarks:**

1. During investigation, foul odor is present inside and outside the farm. Although tolerable, prolong presence of foul odor is annoying specially at the nearby residential areas.
2. The farm secures valid permits from LGU of Villasis such as Sanitary Permit and Mayor's Permit. EMB Permit like ECC, POA, WWDP and HWG were inplaced and still valid.
3. The sanitary housekeeping and handling of pig manure of the piggery farm is poor.

### **E. Recommendations:**

1. The farm shall give a high consideration of improving the sanitary aspect of the farm specifically on handling and managing pig manure. The farm shall also provide/apply disinfectant within its premises to mitigate the presence of foul odor within and outside the farm.
2. The Barangay Officials of Bacag, together with Sanitary Officials of Villasis, Pangasinan shall conduct a consultation dialogue with the respondent, complainant and the residents of the said barangay regarding the operation of the said piggery farm and to discuss on how to mitigate the presence of foul odor.
3. The complaint is more on foul odor which is categorized as "Nuisance", this complaint shall be endorsed to LGU concerned for their resolution of the case as required under the Manual of Operation Handbook for devolved Environmental Management (DAO 30, series of 1992 pursuant to the Local Government Code).
4. Furnish a copy of this report and letters to the Office of DENR-1 RED.
