MR. ORLINO A. INONG
Owner/ Manager
RICUDO RICEMILL
Brgy. Ricudo, Sinait
Ilocos Sur

NOTICE OF VIOLATION

Dear Mr. Inong:

This refers to the investigation conducted last January 23, 2019 by technical personnel of this Office on the operation of your ricemill project located at the above stated address, regarding its compliance with the implementing Rules and Regulations (IRR) of RA 8749 otherwise known as the Philippine Clean Air Act of 1999. Result of investigation shows that additional Air Pollution Source Facilities were installed which is not included in the issued "Permit to Operate" by the Environmental Management Bureau, in violation of Section I, Rule XIX, Part VI of the Rules and Regulations Implementing RA 8749.

Pursuant to **Section I Rule XIX** of the IRR RA 8749 — *"All sources of air pollution subject to these Implementing Rules and Regulations must have a valid Permit to Operate issued by the Director."*

Section 1 Rule LVI of the same regulation states *"For violations of all the provisions provided in the Act and these Implementing Rules and Regulations, fine of not less than Ten Thousand Pesos (PhP10, 000.00) but not more than One Hundred Thousand Pesos (PhP 100, 000.00) or six (6) years imprisonment or both shall be imposed"*.

In view thereof, you are hereby directed to explain in writing why no penalty shall be imposed upon you within fifteen (15) days upon receipt hereof and attend a Technical Conference at our Office on APR 12 2019 at 9:00 A.M.

Should you or your authorized representative who could make commitments in your behalf fail to attend the said Technical Conference, this Office shall be constrained to conduct ex-parte hearing of your case and an "ORDER" shall be promulgated for the imposition of fines and penalties in accordance to the provisions of the above-mentioned Republic Acts.

Very truly yours,

ENGR. MARIA DORICA NAZ-HIPE, CESE

SUBJECT : INVESTIGATION REPORT ON THE COMPLAINT OF MR.
CALIXTO DULDULAO OF PREVALENCE OF DUST
DURING RICEMILL OPERATION AT RICUDO, SINAIT,
ILOCOS SUR.

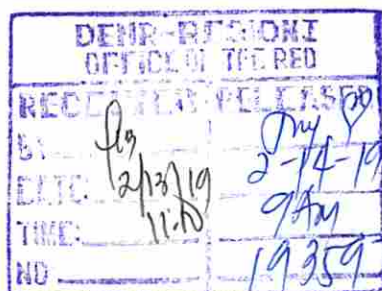

Respectfully forwarding the Memorandum of EMB Focal Person Ilocos Sur and EMB-PENRO Focal Person received last January 28, 2019 with the enclosed investigation report relative to the above subject.

Report disclosed that the operation of the rice mill has complied with existing ENR Laws and regulations, clearances and permits issued by other concerned agencies and LGUs. Since the complaint concerns the prevalence of dust as an effect of the ricemill operation, this complaint should be forwarded to the LGU of Sinait for their appropriate action.

For his information and record.

EMB PENRO Focal Person

SUBJECT : INVESTIGATION REPORT ON THE COMPLAINT OF MR. CALIXTO DULDULAO OF PREVALENCE OF DUST DURING RICEMILL OPERATION AT RICUDO, SINAIT, ILOCOS SUR

BACKGROUND:

This is in compliance with the instruction which were sent thru my messenger on January 22, 2019 to conduct investigation on the alleged operation of a Ricemill at Ricudo, Sinait, Ilocos Sur without necessary permits.

DISCUSSION OF FINDINGS

1. That on January 23, 2019, we are the undersigned proceeded to Barangay Ricudo, Sinait, Ilocos Sur to conduct investigation on the alleged complaint and the following are our findings to wit:

2. That we invited Barangay Captain Nicolasa Totaan and Lupong Brgy. Mr. Federico Yago and some of their Barangay Tanod who assisted us in the investigation. Likewise the complainant was also invited but not yet around.

3. That the ricemill being complaint is the Ricudo Ricemill which is owned and managed by Mr. Orlino Inong, who is in Manila during the investigation so he was represented by his wife Ms. Julieta Inong.

4. That the ricemill was issued a Permit to operate with reference number POA-16H-01FS-024 on October 12, 2016 and will expire on August 11, 2021 covering of 1 unit SAKURA single pass Ricemill driven by 1 unit 80 hp Mitsubishi 4DR5 Diesel Engine, however, they are installing additional 1 unit Stake rice huller driven by 20 hp Kirloskar diesel engine so the proponent thru his representative was advice to request for an amendment of the Permit to Operate upon installation/operation.

5. That the ricemill was provided with an enclosed ricemill house and concrete rice hull bin to contain rice husk generated in the project before disposing on their private lot. Likewise, adjacent to the rice hull bin was planted with bananas and this help mitigate dust dispersion in the project, more so, it was provided with a 2.5 meter high concrete Hollow blocks fence.

6. The distance of Ricemill house is about 25 meters more or less southeast of the complainant house.

7. After taking documentation, we proceeded to the Barangay Hall wherein Ms. Julieta Inong presented their permits and clearances covering their operation i.e Permit to Operate from EMB1, Occupancy Permit from the Office of the Municipal Engineer, Barangay Clearance, DTI and Mayors permit to Operate Business.

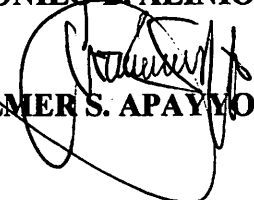

8. We were informed by the Brgy. Captain that the Ricemill is beneficial to them and to the whole Barangay because of its accessibility and convenience for milling their produce/palay.

9. That when we are about to leave, the complainant Mr. Calixto Duldulao arrived, so we have to inform him, what we have discussed and show him the required permits and clearances secured by the proponent for its business operation but he is insistent that the project be closed/stopped operation.

RECOMMENDATION

1. To request for amendment of their Permit to Operate Air Pollution Source Installation (APSI) to include the 1 unit Satake and 20 hp Kirloskar upon final installation.

2. The operation of the ricemill is covered by permits issued by Local Government Unit and the complaint is the prevalence of dust as an effect for the ricemill operation, so, this matter will be forwarded to the concerned LGU for their appropriate action.
