MR. ROVIN LASTIMOSA
Complainant
Brgy. Carmen East, Rosales, Pangasinan

Dear **Mr. Lastimosa**:

This refers to the follow-up inspection conducted on May 9, 2019, by Technical Personnel of this Office regarding your complaint dated May 9, 2019 regarding the alleged environmental violation from a junk shop owned by Kgd. Marissa Vendiola located at Brgy. Carmen East, Rosales, Pangasinan.

Based on the inspection report, the site is within the commercial and residential area and approximately 100 meters North to the bank of Agno River. More or less 70 households are residing along with the said dike structure. It was observed that there are numbers of stock junks stored as similarly observed during the first investigation conducted. Bundle of recyclable materials such as plastic bottles, cardboard boxes, scrap metals, and others were noted. The shop has no proper storage or stockyard facility/building and the bundled recyclable materials were stockpiled in a different portion of the open space of the said land area. Some recyclable materials specifically those stockpiled near the dike structure have no cover and were exposed to the weather. Few flies and tolerable odor was detected and no rats and mosquitoes were observed during the inspection. The junk shop has secured a Barangay Clearance, Sanitary and Mayor's Permits for C.Y. 2018 and noted that the renewal of these permits for C.Y. 2019 were already filed.

In view of the above, it is recommended to the Local Government Unit (LGU) of Rosales, Pangasinan that the business is not suitable in the area. In fact, the Rural Health Unit (RHU) issued a letter dated January 3, 2019 to the Municipal Mayor recommending the closure of the junkshop.

Your complaint is of foul odor and proliferation of insects and rodents are categorized as "Nuisance". The resolution of which is under the jurisdiction of LGU concerned as required in the Manual of Operation Handbook for devolved Environmental Management (DAO 30, series of 1992 pursuant to the Local Government Code). Please follow-up your complaint to the LGU of Rosales, Pangasinan.

For your information.

Very truly yours,

ENGR. MARIA DORICA NAZ-HIPE, CESE

Dear Madam:

Greeting!

The Rural Health Unit of Rosales- Sanitation office would like to report its findings on the junk shop located along the Provincial Road in Brgy. Carmen East, Rosales, Pangasinan.

A visit to the site today revealed a small lot (50-60 sq. meters) beside the highway filled with segregated cartons, cans and bottles. Upon further entry into the junk shop rows of sacks filled with bottles and cans lined the walk way in between houses extending to the nearby dike which also contains a pile of sacks of plastic bottles. The unsanitary condition of this establishment is a nuisance to public health hence a recommendation for closure is indisputable.

Relocation of said junk shop to a suitable environment was advised.

For your perusal and further recommendation.

Very truly yours,

Good day!!

As I start this letter, and due to many complaint that I heard on the specific area of Rosales Pangasinan, wherein there is a specific business (JUNK SHOP) located on the residential area (open area) at Zone 2 Brgy. Lamen East, Rosales Pangasinan where one of the brgy. Kagawad of the said area are the owner of the said business who I believed that the location of this business are highly considered the community and the people that are affected around the vicinity. I never know that renewal of the permit of business are easily approved by the licensing officer without knowing the fact that the business is hazardous to the people living to the said area.

During night, many insect and even porcupine that are playing around which is highly dangerous to the health of our kids especially during rainy seasons which the kids are common that our kids get caught.

During my experience, one day I passed on the road and stop then I am accidentally stall by the scattered aluminum and even broken bottle glass which is also very dangerous to the kids passing on the road way.

For this matter, may I ask your job assistant to make an act on to this problem. And make an on the spot visit to the area to able for all of you to witness the scene and to make them a necessary action to find a best place to relocate their business.

RE: COMPLAINANT FOR THE JUNKSHOP OF BRGY. KAGAWAD MARISSA VENDIOLA OF
ZONE 2 BRGY. CARMEN EAST, ROSALES PANGASINAN.

SIR/MADAM

In my first letter indicated about my complaint and asked for your assistance to please conduct a on the spot inspection in the junkshop business of brgy. Kagawad Marissa Vendiola of zone 2 Carmen east, rosales Pangasinan , which I believe that the so called business are being palce in a wrong area where many family living. Based on my request for inspection.. I found out to the rural health unit UNDER THE SANITARY AND HEALTH PERMIT that the result of the surprised inspection failed on the standard given by the sanitary. AND also request by them to relocate their business to another area.

But since its already 2nd quarter of the year, May I also to follow up in this case if the sanitary and health unit of rosales if still release there permit without any changes in the exact business even relocating to other area and the most of it.. the situation makes worst.

Thank you!!!
